Don't miss-out on a GREAT opportunity to promote your company! As of July 1, we already have 75 attendees registered, with room for over a 100 more!

Hosted by the Southern Ohio District Export Council (SODEC), we will feature experts from the U.S. Department of Commerce's Bureau of Industry & Security (BIS) & government professionals who will provide an in-depth review on what companies need to comply with U.S. Export Regulations.

Plus, if you help us promote the program by sending our event email to your clients by August 2, you will save \$200!
